

Thai Thippawan

AI & Data Analyst

thai.thippawan12@gmail.com | <https://www.linkedin.com/in/thaithippawan> | <https://thaithippawan.com/cv/>

AI & Data analyst at Deloitte, with a background in economics and official statistics. I work across the scoping, analysis, and delivery of data and AI systems, and I write about the craft here.

Experience

Analyst, AI & Data

Deloitte (APAC) | Mar 2026 – Present

- Contributing to AI & Data engagements across scoping, analysis, and delivery within Deloitte's consulting practice.

Vacationer, AI & Data

Deloitte (Sydney, NSW) | Nov 2024 – Dec 2024

- Led the scoping and planning phases for a proof-of-concept data product, collaborating with cross-functional stakeholders.
- Focus areas: data modeling and project management.

Winter School Participant

Australian Mathematical Sciences Institute (AMSI) | Jun 2024 – Jul 2024

- Two-week intensive for postgraduate students and early-career researchers; coursework included Markov decision processes (MDP / POMDP).

Economics Analyst

Australian Bureau of Statistics | May 2022 – Nov 2024

- Produced economic and statistical analysis using SAS in support of official statistics programs.

Risk Intern

Atradius Australia | Dec 2021 – May 2022

- Six-month internship focused on financial analysis.
